

University of Texas Medical Branch Galveston, TX

Why UTMB Galveston?

- A residency with UTMB is all about balance and excellence. UTMB has outstanding faculty, unparalleled clinical care facilities, and special opportunities with disaster response, aerospace, and polar medicine. A UTMB residency will allow for a diversity of experiences such as level 1 trauma, level 1 burn, suburban emergency, and pediatric ED.
- Academic institution with 59 other GME programs.
- System-wide residency program which will provide opportunities for patient care in an academic tertiary referral center, community and rural emergency departments.
- Majority of faculty are fellowship trained: Ultrasound, Toxicology, Aerospace, Peds EM, EMS, and Critical Care.
